

No matter what dangers your team faces, Dräger has a solution to keep them safe.

A world leader in safety solutions, Dräger offers a variety of comfortable, premium-quality products that provide a high level of safety and protection. From gas detection and respiratory protection to head protection systems, we can customize the perfect solution to match your unique needs.

RESPIRATOR PROTECTION & ESCAPE

DRÄGER X-PLORE 3500/5500/8000 RESPIRATORY DEVICES

- Air purifying solutions for industrial applications
- Half masks, full face masks and PAPR sets available
- Safe, comfortable fit so you can focus on your task

DRÄGER PARAT, OXY® 3000/6000, SAVER CF ESCAPE DEVICES

- High-quality breathing protection for hazardous environments
- Designed for quick, easy use under extreme conditions
- Emergency escape solutions ranging from 15 to 60 minutes of duration
- The compact PARAT 3200 mouthbit device provides 15 minutes of escape time against toxic gases

DRÄGER PAS COLT SHORT-TERM BREATHING APPARATUS

- Combines versatility, ease-of-use, and the latest in breathing apparatus design
- Ergonomic harness design makes it easy to don quickly
- Machine-washable and easy to maintain

DRÄGER PAS LITE & PSS 3000 SELF-CONTAINED BREATHING APPARATUS

- The ultimate in high-performing breathing protection for industrial applications
- Lightweight yet robust, it combines comfort with exceptional performance
- Designed for applications where simplicity and ease of use are essential
- PAS Lite and PSS 3000 available in low pressure (2216 PSI) or high pressure (4500 PSI) configurations

DRÄGER RESCUEPAK & K-KART II MOBILE AIR SOURCES

- Mobile air source for up to 4 supplied air respirators (PAS Colt or PSS 3000)
- Dual gauge for cylinder and outgoing pressures
- Light and heavy-duty airline hose available

HEAD PROTECTION

DRÄGER HPS 3500 HEAD PROTECTION SYSTEM

- Universal size, adjustable for head sizes from 52-64 cm
- 4-point harness and padding for optimized comfort
- Designed for emergency teams, in search and rescue missions, and technical support in emergency situations

GAS DETECTION

DRÄGER SHORT-TERM TUBES

- A very cost-effective and reliable method to measure of gases and vapors
- Quick, targeted measurements
- Accurately make spot measurements for over 500 gases and vapors

DRÄGER X-ACT 5000 AND ACCURO® HAND PUMP

- Easy-to-use manual or automatic pump with a high degree of reliability
- The all-in-one solution designed for measurements with Dräger short-term tubes
- The handling of gases, vapors and aerosols has never been easier

DRÄGER X-ACT 7000 ANALYZER

- Get lab-quality measurements – right on site in a fraction of the time!
- Innovative opto-electronic analysis precisely measures gases in the low ppb range
- Easy to use: just insert Dräger MicroTubes, start measuring and read the result

DRÄGER PAC® 6000/6500/8000/8500 GAS DETECTION DEVICES

- Personal single-sensor detection
- Reliable and precise, even under the toughest conditions
- User-friendly display with all important information

DRÄGER X-AM 2500/3500/5000/5600 MULTI-GAS MONITORS

- Reliable sensor technology accurately detects multiple gases
- Can measure up to 6 gases simultaneously
- Remote sample pump with 45m draw

DRÄGER X-AM 8000 MULTI-GAS WITH AVAILABLE PID

- Ideal for convenient, reliable clearance measurements
- Can measure up to 7 gases simultaneously
- Perform Benzene specific measurements using built-in assistants

DRÄGER X-PID 9500 MULTI-GAS ANALYZER

- Selective PID gas measurement with short test times and lab-quality results
- Ideal for users who frequently test for hazardous toxic substances
- No consumables for reduced operating costs

DRÄGER X-DOCK 5300/6300/6600 CALIBRATION & BUMP TESTING

- Save time with automatic bump tests and calibrations
- Save costs on test gases with reduced test gas consumption
- Gives you full control of your portable Dräger gas detection instruments

DRÄGER X-ZONE 5500 AREA MONITORING

- A safer, more effective way to monitor for hazardous gases
- Transforms the Dräger X-am, 5000/5100/5600 into an area monitor
- Can measure up to 6 gases simultaneously
