

# Hydraulics, Rigging & Rubber

Providing industry with productive, safe, & reliable solutions

**1985:** Custom Fabricators & Machinists (CFM) begins operations in Saint John, NB

**2001:** Separate divisions CFM Industrial Rubber and CFM Rigging are brought under the newly formed Source Atlantic brand.

**2007:** CFM Rigging and CFM Industrial Rubber merge to form what is now known as Source Atlantic Hydraulics, Rigging & Rubber division.

**Today the team includes factory-trained technical specialists dedicated to providing the highest quality of service and solutions.**

# Rigging & Lifting

## Products

- Wire, Web, Chain & Round Slings
- Hardware
- Shackles
- Clamps
- Beams
- Trolleys
- Hoists
- Tर्फors
- Wire Rope Sockets

## Services

- Rigging, Inspections & Repair
- Crane Service & Inspections
- Wire, Web, Chain & Round Sling Manufacturing
- Ratchet Straps & Tie-Down Assembly
- Custom Sling Labeling
- Testing/Recertification up to 350T (700,000 lbs)
- Asset Management with TESSALink RFID
- Training

We have a large selection of ready-made slings in inventory as well as capabilities for custom rigging solutions.

## Custom Labelling Program

**⚠ WARNING**

Inspect this sling before each lift. Can fail if damaged, cut, torn or misused. Know the weight you are lifting. Never lift over people.

**Do not overload this sling**

This sling can be affected by acids, alkalis, prolonged exposure to UV/light, and sharp edges. Do not use at temperatures above 80°C (176°F).

# Industrial Conveyors & Hose

## Products

- Conveyor Belt
- Conveyor Components
- Industrial Hose & Fittings
- Rubber Lining (Tank Lining)
- Oil & Gas Specialty Hoses
- Hydraulic Hose & Fittings
- Forestry Fire Fighting Equipment
- Industrial Hose & Fittings

## Services

- Conveyor Belt Installation & Repair
- Hot, Cold, & Mechanical Belt Splicing
- Pulley Lagging
- Conveyor Belt System Trouble-Shooting & Audits
- Tank Lining & Inspecting
- Industrial/Hydraulic Hose Assembling & Testing

ContiTech

**Source Atlantic offers a full line of industrial and hydraulic hose and fittings, conveyor belt and components, and forestry fire equipment.**

### **Rubber Service Capabilities**

- Factory-trained technicians provide on-site service 24/7
- Conveyor belt system surveys and troubleshooting
- On-site hot splicing
- Hydrostatic hose testing

**We represent Enerpac, Industry's most comprehensive family of hydraulically driven, high-force industrial tools and equipment. We also provide full service support for these products**

## **Source Atlantic is an Authorized ENERPAC Distributor and Service Centre**

**Hydraulic Gantries:** Heavy lifting systems that offer control & stability, even in confined spaces.

**Skidding System:** Comprised of a series of skid-shoes powered by hydraulic push-pull cylinders, travelling over a pre-constructed track.

**Self-Propelled Modular Unit:** A trailer with a slim design to transport large and heavy objects.

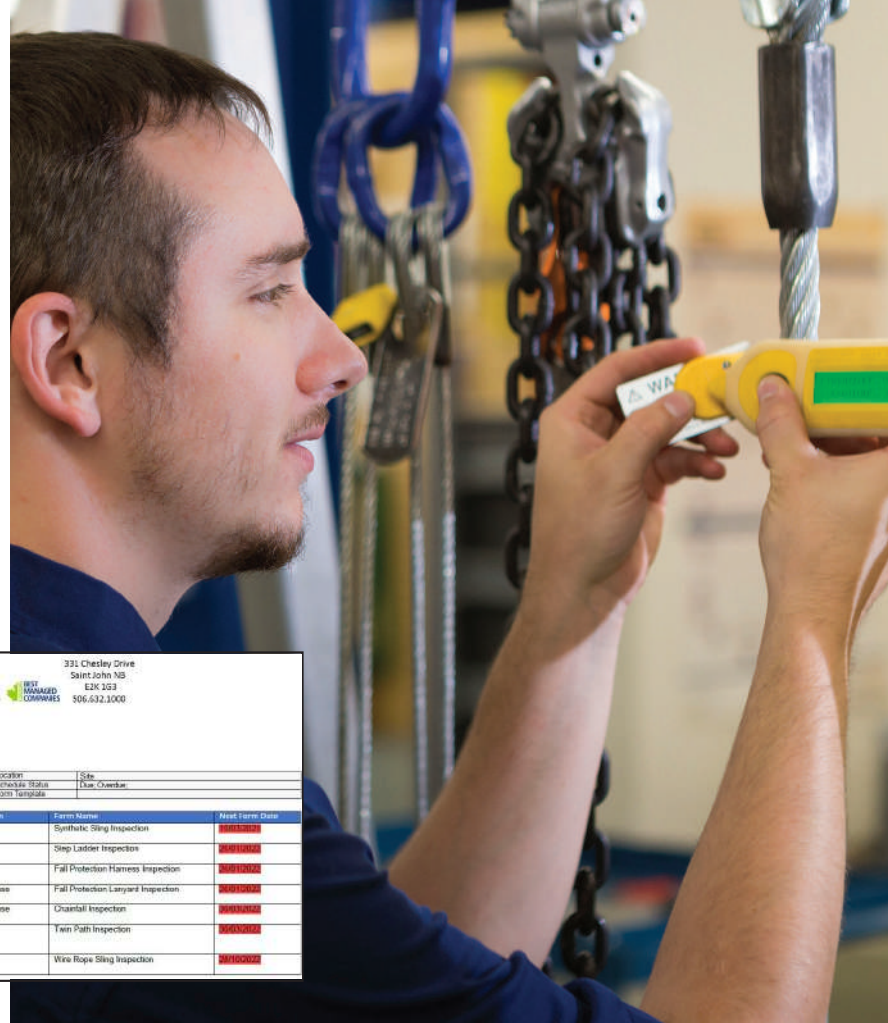

**Synchronous Lifting System:** High pressure hydraulics combined with computer-controlled monitoring systems for precise lifting applications.

## Inspection & Repair Conducted to Satisfy Industry Standards

We perform a physical inspection either at your worksite or in our full service shop and provide you with a summary of repair and recertification requirements.

# Asset Management

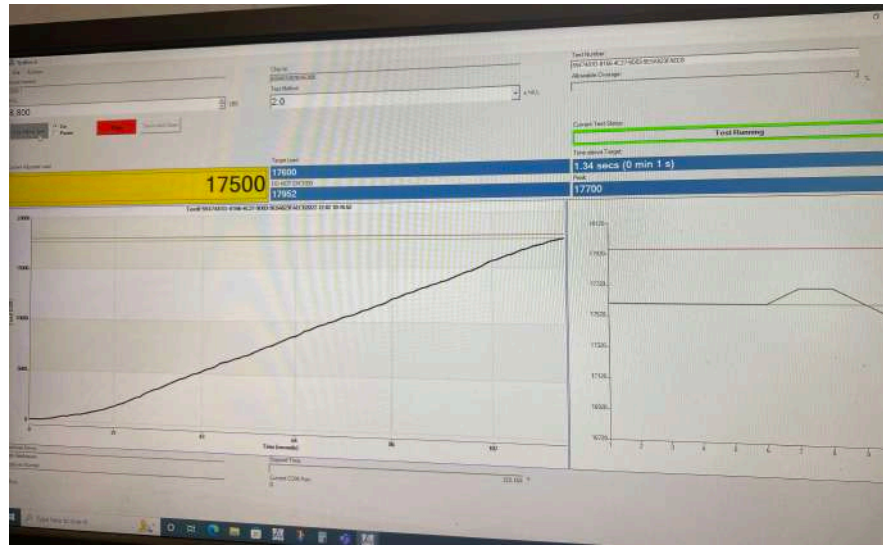

We help you track and maintain your assets through RFID and mobile computing. Our team uses a combination of serial numbers or RFID chips and handheld RFID readers to track and identify certifications and inspections, schedule preventative maintenance, and record location of inventory.
