

Hydraulics, Rigging & Rubber

Providing industry with productive, safe, & reliable solutions

1985: Custom Fabricators & Machinists (CFM) begins operations in Saint John, NB

2001: Separate divisions CFM Industrial Rubber and CFM Rigging are brought under the newly formed Source Atlantic brand.

2007: CFM Rigging and CFM Industrial Rubber merge to form what is now known as Source Atlantic Hydraulics, Rigging & Rubber division.

Today the team includes factory-trained technical specialists dedicated to providing the highest quality of service and solutions.

Rigging & Lifting

Products

- Wire, Web, Chain & Round Slings
- Hardware
- Shackles
- Clamps
- Beams
- Trolleys
- Hoists
- Tirfors
- Wire Rope Sockets

Services

- Inspection & Repair
- Wire, Web, Chain & Round Sling Manufacturing
- Ratchet Straps & Tie-Down Assembly
- Custom Sling Labeling
- Testing/Recertification up to 500T (1,000,000 lbs)
- Asset Management with Infochip RFID
- Training

We have a large selection of ready-made slings in inventory as well as capabilities for custom rigging solutions.

Industrial Conveyors & Hose

Products

- Conveyor Belt
- Conveyor Components
- Industrial Hose & Fittings
- Rubber Lining (Tank Lining)
- Oil & Gas Specialty Hoses
- Hydraulic Hose & Fittings
- Forestry Fire Fighting Equipment
- Industrial Hose & Fittings

Services

- Conveyor Belt Installation & Repair
- Hot, Cold, & Mechanical Belt Splicing
- Pulley Lagging
- Conveyor Belt System Trouble-Shooting & Audits
- Tank Lining & Inspecting
- Industrial/Hydraulic Hose Assembling & Testing

Source Atlantic offers a full line of industrial and hydraulic hose and fittings, conveyor belt and components, abrasion and corrosion-resistant lining, as well as forestry fire equipment.

Rubber Service Capabilities

- Factory-trained technicians provide on-site service 24/7
- Conveyor belt surveys
- On-site hot splicing
- Exceptional attention to detail exceeds industry standard

We can provide Enerpac's most comprehensive family of hydraulically driven, high-force industrial tools and equipment. Our technical team is able to service these products.

Source Atlantic is an Authorized ENERPAC Distributor and Service Centre

Hydraulic Gantries: Heavy lifting systems that offer control & stability, even in confined spaces.

Strand Jack: Provides fully controlled, precise lifting.

Skidding System: Comprised of a series of skid-shoes powered by hydraulic push-pull cylinders, travelling over a pre-constructed track.

Self-Propelled Modular Unit: A trailer with a slim design to transport large and heavy objects.

Synchronous Lifting System: High pressure hydraulics combined with computer-controlled monitoring systems for precise lifting applications.

Inspection & Repair Conducted to Satisfy Industry Standards

We perform a physical inspection either at your worksite or in our full service shop and provide you with a summary of repair and recertification requirements.

Complete Inspection, Testing & Recertification Services

Our 100 ft. long pin-to-pin Lloyd's Approved Test Bed is capable of up to 1,067,000 lbs. with destructive testing up to 750,000 lbs. Our test facility is also equipped with a 200T hydraulic press capable of load testing.

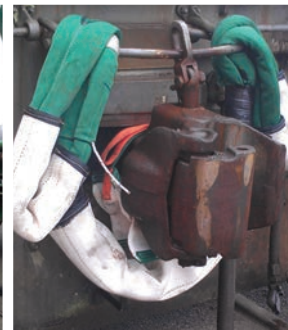

Custom Manufacturing

We are a full-service rigging shop capable of fabricating, inspecting, testing, and repairing slings (synthetic, wire rope, and chain) and assemblies, all to ASME standards.

We design and work closely with our customers for unique and specialized applications.

Manufactured In-House by Experienced Fabricators

Source Atlantic Hydraulics, Rigging, and Rubber is the **exclusive manufacturer** and **distributor** in Atlantic Canada of SlingMax Twin-Path with Check-Fast high performance round slings – the world's first ergonomic sling with an overload indicator.
